

My Commitment to Complete the IBM Back-End Developer Certificate”

[Ahmed Akkari], commit to completing the **IBM Back-End Development Professional Certificate** on Coursera by *[11-20-2025]*.

I will dedicate at least *[e.g., 5–8 hours]* each week to study and hands-on practice. I understand that consistency and persistence will lead me to develop real-world backend skills.

This certificate will help me prepare for backend jobs, especially in the Middle East or remote work. I believe in my ability to learn and grow.

Signed:
